

Leftovers to Livelihoods

by Aashish Thapa

The Problem

Food Waste

In the US, around 84.3% of unused food in restaurants is thrown away while only 14% is recycled, and only 1.4% is donated.

Homelessness

Millions of people struggle with hunger and lack access to nutritious food.

Inefficiency

A gap between surplus food and those in need.

Our Solution

Connecting the Dots

Platform for food donors and recipients.

Real-Time Communication

Real-time notifications and updates streamline communication

Reduced Waste

Minimizes waste and maximizes resource utilization.

Target Audience

Restaurants

Significant food surplus,
Responsible waste management.

Grocery Stores

Food spoilage
Donate unsold items.

Food Banks

Require reliable access to food donations.

Homeless Shelters

Shelters rely on consistent food sources.

The Competition

1

Existing Apps

- Lack real-time communication and user-friendly interfaces.

2

Our Edge

- Real-time matching,
- User-friendly navigation

3

Existing Non-Profit Organization

- We do not compete, we support.

Funding Allocation and Validation

- Develop a Minimum Viable Product (MVP)(\$50)
- Hosting the platform in Amazon Web Services(AWS)(\$250)
- Marketing and Outreach(\$200)
